SBB Bt (IC) Driving trailer for EW IV trains

Taking pre-order deposits now!

We are now taking advance orders for intended production of the SBB EW IV Bt (IC) Driving trailer, produced by Dapol UK Ltd, to be available from July/August 2010. The item will be produced in the two liveries, and with four different service numbers each, allowing detail variations including a BLS specific version!

- Features include:**
- NEM pocket + Close Coupling
 - Lighting Bar Ready
 - Pickups on Bogies
 - With Accessory Bag including driver and windscreen sun-blind
 - Customer-fitted Front Lower Valance to hide coupling pocket
 - Scale 1:160
 - DCC Ready for Head/Tail Lights
 - Painted Cab and Interior
 - Roco profile N scale wheels

Projected prices are: UK £55.00; EURO zone €65.-; Switzerland CHF 95.- (+ Swiss VAT and import tax) (all subject to currency rates at time of production).

For advance orders of £15 (€20.-; CHF 30.-) per item deposit, NscaleCH will send the items free of post and packing costs!

See reverse for how payments may be made (All deposits will be returned if production does not take place)

Enquiries should be made to: NscaleCH at enquiries@nscalech.co.uk or +441732 460387
